## MAAC

### VISION

*To make quality the defining element of higher education in India through a combination of self and external quality evaluation, promotion and sustenance initiatives.*

### MISSION

- ☞ To arrange for periodic assessment and accreditation of institutions of higher education or units thereof, or specific academic programmes or projects;*
- ☞ To stimulate the academic environment for promotion of quality of teaching-learning and research in higher education institutions;*
- ☞ To encourage self-evaluation, accountability, autonomy and innovations in higher education;*
- ☞ To undertake quality-related research studies, consultancy and training programmes, and*
- ☞ To collaborate with other stakeholders of higher education for quality evaluation, promotion and sustenance.*

### Value Framework

To promote the following core values among the HEIs of the country:

- Contributing to National Development*
- Fostering Global Competencies among Students*
- Inculcating a Value System among Students*
- Promoting the Use of Technology*
- Quest for Excellence*

| 2.8 No. of other External Experts                              | 2  |
| 2.9 Total No. of members                                       | 17 |
| 2.10No. of IQAC meetings held                                  | 10 |

2.11 No. of meetings with various stakeholders: No.  Faculty   
Non-Teaching Staff  Students  Alumni  Others (Parents, admin staff, management, students)   
2.12 Has IQAC received any funding from UGC during the year? Yes  No   
If yes, mention the amount

2.13 Seminars and Conferences (only quality related)

(i) No. of Seminars/Conferences/ Workshops/Symposia organized by the IQAC

Total Nos.  International  National  State  Institution Level

(ii) Themes

1. Faculty Development Program on "Machine Learning for Data Science and Analytics".
2. Workshop on "Application of Mathematics in Engineering And Real Life"
3. Workshop on "Product Specific Learning in Communication Engineering (PLCE-18)"
4. Workshop on "Level 2 Robotics".
5. Training on "PLC & SCADA" by SIEMENS.

*Complete list given in Annexure v.*

## 2.14 Significant Activities and contributions made by IQAC

- The IQAC continues to infuse quality improvement in all aspects of the functioning of our institution RAIT, Nerul. Representatives from students, faculty, nonteaching and supporting staff including administration and management take part in deliberations organized by IQAC to take notice, analyze and suggest changes that can positively impact the functioning of RAIT. This highly inclusive and distributive functioning style adopted by IQAC-RAIT makes its impact on all fronts where quality improvement scope is perceived and has a quicker response time.
- IQAC conducted 10 meetings in 2017-18. Through these meetings and an active online/manual feedback mechanism by all stakeholders, it dug out and implemented the activities that need to be introduced or strengthened.
- Through disbursement of the funds (Rs. 51 Lakhs for 2017-18) under IQAC to various departments. Teaching-learning activities received a boost in key areas identified for each of the five departments. 89 conferences/workshops/hands-on training programs were held at RAIT during 2017-18 with an expenditure of 17.10 Lakhs. 304 faculty members and students were deputed to attend workshops/conferences/UoM course syllabus setting, refresher/ orientation courses at an expense of 13.88 Lakhs. More than 50 major /minor interdisciplinary, College/ Industry Sponsored Projects were implemented as a part of an R&D activity, with a sanctioned Research fund of 34.825 lakhs.

- Students organized 3-day technical event, called “Technovate 2018”, at an expense of 5 Lakhs during 4-6 April 2018 ,in which 92 project teams participated in project competition, 165 papers were presented in NSCFET conference and 2 “Tech-talk” sessions on several cutting edge technologies were held. A noteworthy feature was active participation from neighbouring institutes. 25 awards were given in various categories in this event.
- Following the perspective plan 2012-17, IQAC conducted academic audits in odd and even semester 2017-18 in a digital format through DCF. This year we extended the scope of CO-PO attainment over internal evaluation by including university results also. This has made our evaluation process more inclusive thereby giving us a window to examine further improvement in T&L areas.
- The online feedback process has been integrated with DCF. The feedback analysis process is detailed in annexure.
- IQAC continued pre-requisite test conduction in each course at the beginning of semester to sensitize the faculty on the existing state of strengths/ weaknesses of students vis a vis the relevant prerequisites.
- IQAC also provided guidance/mentorship to faculty directly and indirectly through HODs concerned and DQAs of all departments.
- IQAC conducted environmental audit on 23<sup>rd</sup> Sept, 2017 and has suggested green measures. The results have been very encouraging on this front: Continuous uninterrupted operations of biogas facility resulting in running of gas burners in hospital canteen. A saving on LPG to the tune of 3 to 4 gas cylinders per month is the outcome. The solar project comprising of 1MW has been grid connected to MSEB and generating solar power that has resulted in savings to the tune of 5 Lakhs /month to the institute.
- Our latest air quality reports show a good index vis a vis neighbouring areas owing to our green campus with adequate tree plantation.
- Action taken report for academic year 2016-17 was reviewed by IQAC. The analysis of feedback received in academic year 2017-18 was analyzed and filtered to arrive at issues which can form an action plan was an important activity of IQAC followed these year too.

## 2.15 Plan of Action by IQAC/Outcome

The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the year \*

| Sr. No. | Plan of Action  | Achievements  |
|---------|---|---|
| 1.      | Recruitment of qualified staff to fill vacancies in each department.                | Following IQAC guidelines in 2017-18, we recruited 41 Assistant Professors, 05 Associate Professors and 8 Professors.   |
| 2.      | Promoting Teachers to do refresher/orientation courses/workshops/training programs. | For faculty development, as directed and funded by IQAC, 268 faculty members attended refresher/orientation courses/workshops/training programs fully funded by college R&D fund. |
| 3.      | Identification of weaknesses in   | One of the IQAC planned measures adopted in 2017-18   |

|    |  |  |
|----|--|--|
|    | students and providing remedial measures.  | was conduction of prerequisite tests in all the courses of each department. Also, through DCFs weak students were identified and up to 7 to 8 remedial classes were conducted per course in each semester.   |
| 4. | Student level organization of symposia/project competition/quiz.                             | Through widely advertised "Technovate 2018", a student organized workshop, a total of 165 papers published, 92 projects presented and 25 awards given for excellence. The expenditure incurred was approximately Rs. 5 Lakhs.  |
| 5. | Assistance to students by way of<br>(i) Financial aid<br>(ii) Classes for GATE/IES/CAT etc.  | In 2017-18 as planned by IQAC,<br>(i) Financial aid of Rs. 25.28 Lakhs was provided to students by institution in the form of scholarships and awards.<br>(ii) GATE forums were organized for aspiring students  |
| 6. | Strengthening the Quality of Academics.  | In 2017-18,<br>(i) NPTEL Local Chapter was established.<br>(ii) 89 expert talks/workshops/conferences conducted with funding from IQAC.<br>(iii) 21 Industrial visits were organized for students.   |
| 7. | Monitoring and evaluating the teaching-learning activities                                   | In 2017-18, DCF audits of each subject was conducted in every semester with comments and suggestions to improve under IQAC guidance through DQA of each department. The university exam results were also included to evaluate CO-PO attainment.   |
| 8. | Inculcating Research culture and motivating Teachers to complete PhD                         | As a result of IQAC initiative, 2 research scholars submitted their PhD thesis and 5 faculty members completed PhD.  |
| 9. | Guiding the students and staff to develop Social awareness through 'Social Wing' activities. | Major social wing activities in 2017-18:<br>(i) Various festivals were celebrated with more than 230 underprivileged children like Christmas Celebrations, Diwali Celebrations, Holi Celebrations with Lunch, deserts and fun games . The motivation was to understand importance of the festival and to make sure they have fun.<br>(ii) "Joyfest 2017" event was organized, various fun events based on jungle theme were organized which acted as fundraisers for the underprivileged children. RAIT Campus, Nerul. The Collection for fund was approximately 40,000/-<br>(iii) A total number of 197 students attended and more than 400 saplings were planted in tree-plantation drive. |

|     |  |  |
|-----|--|--|
|     |  | (iv)“UDAAN-Let Dreams Fly 2018 marathon” was organized where all the money raised is donated towards the education of underprivileged kids, sponsoring their annual education expenses. Total amount of approximately ₹3.2 lakhs was raised and donated to World Vision India. |
| 10. | Improving Quality of Student Projects and participation in various state/university/national level competitions. | 233 students received awards this year in technical and cultural events.   |

***Academic Calendar of the year attached in Annexure ix.***

2.15 Whether the AQAR was placed in statutory body Yes  No

Management  Syndicate  Any other body

Provide the details of the action taken

1. Fund approval and disbursement of funds to departments are merit case to case basis. For academic year 2017-18 the fund to IQAC was 51 lakhs.
2. Academic audits of all Programmes with comments/suggestions for betterment under IQAC supervision was done in academic year 2017-18. The follow up of these suggestions was overseen by concerned HODs.
3. Surprise visits by Management and UoM LIC committees as well as AICTE to monitor the progress and quality analysis of programs being conducted at RAIT.
4. Preparation of AQAR in the prescribed format to show the activities mentioned above and their positive impact on the institution was done for the academic year 2017-18.
5. Analysis of feedback received from students and faculty and suggesting remedial measures for the same after approval from management. The feedback process is integrated with DCF and forms means to calculate PO attainment is done for academic year 2017-18.

**Part – B**

**Criterion – I**

**I. Curricular Aspects**

1.1 Details about Academic Programmes

| Level of the Programme | Number of existing Programmes | Number of programmes added during the year | Number of self-financing programmes | Number of value added / Career Oriented programmes |
|------------------------|-------------------------------|--|-------------------------------------|--|
| PhD                    | 03                            | 01   | -                                   | -  |
| PG                     | 05                            | -  | -                                   | -  |
| UG                     | 05                            | -  | -                                   | -  |
| PG Diploma             | -                             | -  | -                                   | -  |
| Advanced Diploma       | -                             | -  | -                                   | -  |

2.4 No. of Guest and Visiting faculty and Temporary faculty 17 9 0

2.5 Faculty participation in conferences, symposia (data from all dept)

| No. of Faculty   | International level | National level | State level |
|------------------|---------------------|----------------|-------------|
| Attended         |                     | 19             | 151         |
| Presented papers | 70                  | 173            | -           |
| Resource Persons |                     | 3              | 9           |

*Details attached in Annexure iii.*

#### 2.6 Innovative processes adopted by the institution in Teaching and Learning:

- GradeMe Software was introduced for online assessment of practical courses.
- Interactive teaching and learning methodology was adopted for academic year 2017-18 in more intensity in every classroom having podium, audio recording facility, projector, screen and internet facility for NPTEL and video sessions.
- NPTEL local chapter was established where more than 300 students and faculties enrolled for the various courses in NPTEL.
- 21 industrial visits were arranged for the students.
- Project based learning was introduced among students which resulted in achieving awards in various project competitions like 1<sup>st</sup> prize in Hackathon.
- Faculties continued to employ innovative teaching methodologies like quiz, role play, group discussion, puzzles, presentations by students, case studies etc. in 2017-18.
- IQAC has ensured that pre-requisite tests are conducted in each course at the beginning of semester to sensitize the faculty on the existing state of strengths/ weaknesses of students vis a vis the relevant prerequisites. In 2017-18 this was done for every course.
- Summer and winter internships were conducted for students in the institution to gain more practical knowledge and to get hands on experience on live projects/applications.

- German language course was conducted for faculties and students.
- LMS android app continues to be used in 2017-18 to ease the access of the technology by faculty and students.

2.7 Total No. of actual teaching days during this academic year

198

2.8 Examination/ Evaluation Reforms initiated by the Institution

In 2017-18, the following measures were adopted:  
Coded answer sheets, double marks verification, Photocopy, Revaluation (Univ. initiated), Online MCQ for prerequisite test, internal question papers, assignments, laboratory experiments are designed to cover all course objectives.

2.9 No. of faculty members involved in curriculum restructuring/revision/syllabus development as member of Board of Study/Faculty/Curriculum Development workshop

Curriculum dev:  
24

BOS Member:  
02

UG Syllabus Setting:  
35

*Details given in Annexure iv.*

2.10 Average percentage of attendance of students

75%

2.11 Course/Programme wise distribution of pass percentage: **2016-17 (May 2017 B.E.)**

### Branchwise and Sem wise

| Title of the Programme | Total No. Of students appeared | CGPA            |                |                |              | Pass % |
|------------------------|--------------------------------|-----------------|----------------|----------------|--------------|--------|

## 2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

The quality assurance is ensured by creating QA mechanisms at three levels:

**At institution level** quality assurance is looked after by college level academic council and Quality Management Services comprising of Principal, Chief Mentor of Quality Assurance CMQA and other co-opted senior faculty members (IQAC for short) by conducting academic audit twice a year.

**At the HOD level**, Quality Assurance Team at RAIT (DQA-RAIT) sets assurance policy and ensures adherence by departments by conducting internal audit once in a semester.

**At the teaching faculty and student level**, Departmental Quality Assurance cells (DQAs) each department ensure implementation of processes prescribed and perform department level audit.

The cycle of changes required for enhancing quality in teaching and learning consists of a bottom up process that begins with the students who provide valuable feedback and this travels upwards all the way up to IQAC. The corrective action is conceived at the top and travels downwards and ends with the students feeling the impact of desired changes.

The QA system is structured enough to be interactive and participative and hence effective at all levels and yet flexible to enable it to adapt itself to changes if necessary which inevitably happens from time to time owing to say change in syllabi or as a result of developments in the concerned area of study. It also results in introduction of new areas of study that spring forth owing to rapid technology development by way of new courses.

## 2.13 Initiatives undertaken towards faculty development

| <i>Faculty / Staff Development Programmes</i>  | <i>Number of faculty benefitted</i> |
|--|-------------------------------------|
| Refresher courses                              | 12                                  |
| UGC – Faculty Improvement Programme            | -                                   |
| HRD programs                                   | -                                   |
| Orientation programs                           | 64                                  |
| Faculty exchange program                       | -                                   |
| Staff training conducted by the university     | 5                                   |
| Staff training conducted by other institutions | 19                                  |
| Summer / Winter schools, Workshops, etc.       | 128                                 |
| Others   | -                                   |

2.14 Details of Administrative and Technical staff

| Category             | Number of Permanent Employees | Number of Vacant Positions | Number of permanent positions filled during the Year | Number of positions filled temporarily |
|----------------------|-------------------------------|----------------------------|--|--|
| Administrative Staff | 135                           | Nil                        | -  | -                                      |
| Technical Staff      | 41                            | Nil                        | -  | -                                      |

**Criterion – III**

**3. Research, Consultancy and Extension**

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

- In 2017-18, IQAC through concerned department coordinators ensured the participation of students and faculty for promotion of research aptitude and inculcation of research methodologies in their minds by organizing workshops / seminars on recent topics and also by encouraging and guiding them in presenting papers at seminars and conferences.
- Through disbursement of the funds (Rs. 51 Lakhs for 2017-18) under IQAC to various departments. Teaching-learning activities received a boost in key areas identified for each of the five departments. 89 conferences/workshops/hands-on training programs were held at RAIT during 2017-18 with an expenditure of 17.10 Lakhs. 304 faculty members and students were deputed to attend workshops/conferences/UoM course syllabus setting, refresher/ orientation courses at an expense of 13.88 Lakhs. More than 50 major /minor interdisciplinary, College/ Industry sponsored projects were done as a part of an R&D activity ,with a sanctioned Research fund of 34.825 lakhs.
- Workshops were conducted on current research topics for the benefit students and teachers for the knowledge enrichment.
- UG/PG Students were encouraged with funds for student projects as well as presentation of papers in seminars. A student organized workshop Technovate2018 of 3 days was held in which 92 projects presented, 165 paper presentations and 2 expert lectures of several cutting edge technologies and related issues was conducted at a cost of Rs. 5 Lakhs.
- An in-house research biannual journal titled “Communications in Engineering & Technology” was introduced for encouraging researchers and publications. The second edition is published and third edition is under preparation.

*Details of workshops/training programs/seminars for 2017-18 in Annexure v.*

3.2 Details regarding major projects

|                     | Completed | Ongoing | Sanctioned | Submitted |
|---------------------|-----------|---------|------------|-----------|

3.26 Major Activities during the year in the sphere of extension activities and Institutional Social Responsibility

### Social wing and NSS activities 2017-18

- Self-defense workshop and seminar: A workshop was organized to teach self-defense techniques to females on account of International Women’s Week.
- Christmas, Diwali and Holi Celebrations 2017: Goal was to celebrate the festivals with the underprivileged children and to make sure they have a great time enjoying it.
- Kite Festival Celebrations 2017: To connect with the Indian tradition of Kite flying festival and fly kites with fellow students and socializing with them.
- Joyfest 2017: Various fun events were organized which acted as fundraisers for the underprivileged children. Approximately Rs. 40,000/- fund was raised.
- Tree Plantation Drive: The goal of this event was to motivate the students to plant saplings and do their bit towards nature.
- Udaan – Let Dreams Fly 2018: The goal was to organize a marathon where all the money raised is donated towards the education of underprivileged kids, sponsoring their annual education expenses. This event was a huge success and raised a fund of approximately ₹3.2 lakhs and was donated to World Vision India.
- Value education has been provided to RAIT students through enrichment courses on wellness, societal awareness. A regular yoga instructor has been appointed to conduct yoga classes for students, faculty and staff.
- Our “kalaraag” students took part in street plays to spread social awareness. Alternate energy projects information like Bio Gas from kitchen waste, solar panels was widely shared to enhance understanding ill effects of Green House emissions.

## Criterion – IV

### 4. Infrastructure and Learning Resources

#### 4.1 Details of increase in infrastructure facilities:

| Facilities  | Existing | Newly created | Source of Fund | Total     |
|---|----------|---------------|----------------|-----------|
| Campus area (sq.m)  | 40000    |               | RAES           |           |
| Class rooms   | 52       | 1             | RAES           | 53        |
| Laboratories  | 63       | 2             | RAES           | 65        |
| Seminar Halls   | 4        | 0             | RAES           | 4         |
| No. of important equipments purchased ( $\geq$ 1-0 lakh) during the current year. | 1358     | 49            | RAES           | 1407      |
| Value of the equipment purchased during the year (Rs. in Lakhs)                   | 590.666  | 160.71394     | RAES           | 751.37994 |
| Others  | -        | -             | -              | -         |

#### Development in Infrastructure

- **Mobile Lockers**
- **Renovations of washrooms.**
- **Renovations & modernization of Workshop.**
- **Enlargement of departmental Library.**

#### 4.2 Computerization of administration and library

In 2017-18, the following measures were continued.

- E-Kiosk on every floor with software to automate the RAIT office activities.
- Digital library and E-books, anti- plagiarism software Turnitin
- Library Management system software is developed for departmental library.
- SLIM21 software is being used in Central Library
- Accounting and finance software using Tally and college wide ERP
- Massive Open Online Courses (MOOCs) and National Digital Library were incorporated.
- Central library facilitated with internet, multimedia, printer and reprographic facilities.

#### 4.3 Library services:

|                             | Existing |             | Newly added |             | Total |             |
|-----------------------------|----------|-------------|-------------|-------------|-------|-------------|

4.5 Computer, Internet access, training to teachers and students and any other programme for technology Up-gradation (Networking, e-Governance etc.)

In 2017-18, following initiatives undertaken for technology upgradation:

- Laptops for all faculty members, Wi-Fi routers of 1.13 GBPS in all laboratories and on each floor.
- FDP on " Machine Learning for Data Science and Analytics".
- Advance excel & Microsoft office training for administrative staff.
- Summer and Winter Internships were conducted.
- Oracle training up gradation.
- Procurement of Nanosniff Sensimer.
- Procurement of GPU workstation.

4.6 Amount spent on maintenance in lakhs :

## Criterion – V

### 5. Student Support and Progression

#### 5.1 Contribution of IQAC in enhancing awareness about Student Support Services

In 2017-18, IQAC enhanced awareness about Student Support Services among all stakeholders through:

- Digital notice boards displaying
  - 1) Discipline Anti ragging Committee members with contact details
  - 2) Women Grievance Redressal Cell Committee members with contact details
  - 3) Freeships/Scholarships: Alumni scholarship and Siksha sahaakar scheme notices/reminders
  - 4) Medical Assistance to Students: health centre, health insurance
  - 5) Project Competitions and various extracurricular activities: Technovate 2018, Horizon 2018, Stamina 2018 etc.
  - 6) Chairman's address for industry level projects, internships in March, 2017.
  - 7) Technical and non technical committees like ISA, SUC, RAIT Sports, Social Wing, CSI, IEEE, ITSA, ISTE, IETE, MOTIF, Photo circle, Quiz Master, Radio Club, Yoga club
  - 8) Support for students with physical disabilities: Sitting arrangement for examinees, facility like ramp, lifts, wheelchair etc.
- e-Kiosks displaying facilities for
  - 1) Bonafide certificate
  - 2) Railway concession forms
  - 3) Online Fee payment
  - 4) University results
  - 5) Transfer and Migration Certificate
  - 6) Transcript Certificate
- Manual display boards (department wise) displaying
  - 1) Time tables
  - 2) Coaching for GATE: GATE forums
  - 3) Industrial visits to various well known industries, research centres etc.:
  - 4) Support for slow learners: Remedial lectures, additional practical hours, frequent tests.
  - 5) Summer and winter internships are conducted for students in the institution to gain more practical knowledge and to get hands on experience on live projects/applications.
  - 6) German language course was conducted for faculties and students.
  - 7) LMS android app continues to be used in 2017-18 to ease the access of the technology by faculty and students.
- Funding of Rs. 251800/- was provided to students and Faculty members for filing patents and copyrights.

## 5.2 Efforts made by the institution for tracking the progression

- For tracking students' progression within the UG program, following initiatives were undertaken in 2017-18:
  - **Digital Course File (DCF):** All academic records were digitally maintained in this file which kept record of all the students as attendance, test marks, assignment marks, journal grades and this all data was mapped with subjects CO-PO'S which automatically generated students IA and term work marks and also indicated final attainment of CO-POs. Feedback process has now been integrated with DCF and has formed means to calculate PO attainment.  
*DCF details given in Annexure xvi.*
  - IQAC also induced the introduction of **pre-requisite tests** in each course at the beginning of semester to sensitize the faculty on the existing state of strengths/ weaknesses of students.
  - **Special support for students who are at risk of failure:** The departments appointed class counselor for every batch who identified weak students based on regular tests. Wherever necessary, parents were invited to take part in the counseling. Remedial classes, extra-hour classes, frequent tests were arranged on regular basis for such week student.
- For tracking students' progression beyond UG program, following initiatives were undertaken in 2017-18:
 

**Support for progression to higher education and employment:** At RAIT we have active Career Counselling and Placement Cell which organized Placement drives, Lectures on Career opportunities, Special aptitude, soft skill and technical skill workshops. RAIT also organized the lectures of eminent scientists/ personalities/ counsellors on careers after graduation/post-graduation in various fields. Special training sessions were also organized for GATE preparation.  
*Details of training programs organized by placement cell provided in annexure xvii.*

  - Alumni database creation and contact via email has helped in tracking student progression.
  - **Unnati-** Model to improve first year progress to ensure progress of weak students based on performance in internal tests was introduced. The positive impact of this innovation was clearly visible and was appreciated by many visiting academic evaluators.

Demand ratio (0.9) Dropout (Result awaited)

#### 5.4 Details of student support mechanism for coaching for competitive examinations (If any)

- 2017-18 saw this institution having key focus in motivating students for higher studies or research career. Placement cell regularly organized career counseling sessions. Information about career scope in various industries like IT, Embedded, VLSI was given.
- Orientation on various options for higher education and studying abroad was provided. Many students from this institution had gone for higher studies abroad or working as research scientists in premier research institutes like BARC, ISRO etc.
- GATE forums were arranged for students opting for higher studies. Mock tests were also arranged for competitive examinations like CAT, GRE etc. This has resulted into many success stories.
- Soft skill development classes were arranged for the students to enhance their communication skill, logical, numerical ability and problem solving skills. Support of Language Lab was taken to improve spoken English skills.

*Details of training programs organized by placement cell provided in annexure xvii.*

#### 5.5 No. of students qualified in these examinations

|             |   |           |   |      |    |        |    |
|-------------|---|-----------|---|------|----|--------|----|

| IAS/IPS etc | - | State PSC | - | UPSC | -  | Others | 29 |

#### 5.6 Details of student counselling and career guidance

- **Academic Counselling:**
  - In 2017-18, the institute provided regular counselling to the students to address issues relating to their academic shortfall and obstacles. Institute had constituted a dedicated team of Faculty to counsel the students academically. One class counselor was assigned to every class. One mentor is assigned to each batch.
  - Class counsellors looked after their academic requirements, Attendance and made arrangements for remedial and tutorial classes.
  - Class counsellors also arranged regular meeting with students to get various suggestions from students. Students could freely express their view, Suggest improvement, demand for any additional facility required.
  - After discussing with HODs, class counsellors tried to implement suggestions.
  - Parents were provided opportunity to meet the department teachers, HODs, and Principal to ascertain the progress of their wards. They were regularly informed about the progress twice a semester.

- **Personal Counselling:**
  - In 2017-18, our dedicated team of class counsellors took personal care for low performing or irregular students. Interaction with such students was done at one-to-one level. The students were encouraged to share their personal problem and a friendly environment was provided to make them comfortable to share their personal problems. The mentors maintained secrecy of any personal information and took necessary corrective steps in consultation with senior faculty members, and if required, parents were informed.
  - Well being courses conducted in 2017-18: Yoga classes conducted on daily basis, also self defence workshop was arranged on 23<sup>rd</sup> March, 2018 to teach self-defence techniques to females on account of International Women’s Week.
- **Career Counselling:**
  - In 2017-18, Training and Placement Cell at RAIT was primarily involved in Career Guidance. All the students were provided with intense and multidimensional career guidance throughout the course duration. Online assessment tests were conducted for the students so that they can analyse their strengths and weaknesses.
- **In 2017-18, the placement cell was involved in:**
  - Organizing in-plant training programs for hands-on experience
  - Organizing programs to enhance soft-skills
  - Career counselling for pursuing higher studies in India and abroad
  - Conducting entrepreneurship development programs to motivate aspiring students

*Details of training programs organized by Placement cell provided in annexure xvii and counseling photos provided in Annexure xviii.*

### 5.8 Details of gender sensitization programmes

In 2017-18, we adopted following initiatives:

- **Anti-ragging squad:** As per UGC norms and regulation 2009, the Institute followed a strict anti-ragging policy and has a fully functional committee in place. The committee comprises of the Principal, the Registrar, the various Heads of Departments, the Parents Representative, a Representative from the Police force, a Sr. Student Representative and a Fresher Representative. This committee played a vigilant and a proactive role to prevent any ragging incident in the institution.
- **Women Grievance Redressal Cell:** Women’s Grievance Redressal Committee comprising of senior faculty members who addressed problems faced by girl students and counseled them in the institution. Objective of cell was to combat violence against women employees and students, sexual harassment and gender discrimination. Cell took necessary steps to ensure the incidents pertaining to sexual harassment if require the intervention of the law or not.
- **Women Development Cell:** Self defence workshop and seminar arranged for all women of RAIT on 23<sup>rd</sup> March, 2018.
- Institute level “**Vishakha**” committee has been formed and a seminar was delivered by Dr. Leena Ragha on the topic ‘Awareness about Sexual Harassment’ on 23<sup>rd</sup> Feb, 2018.

*Photos of self defence workshop provided in Annexure xix.*

5.9 Students Activities

5.9.1 No. of students participated in Sports, Games and other events

## **Criterion – VI**

### **6. Governance, Leadership and Management**

#### 6.1 State the Vision and Mission of the institution

##### **Vision**

To foster and permeate higher and quality education with value added engineering, technology programs, providing all facilities in terms of technology and platforms for all round development with societal awareness and nurture the youth with international competencies and exemplary level of employability even under highly competitive environment so that they are innovative adaptable and capable of handling problems faced by our country and world at large.

##### **Mission**

The institution is committed to mobilize the resources and equip the institution with men and materials of excellence. To ensure that the institute becomes pivotal center of service to industry and academia and society, with the latest technology and student forums of technology enhancing technical societies, cultural platforms, sports excellence centers and Entrepreneurial Development Center. To develop the institute to become an autonomous institution and deemed university at the earliest with facilities for advanced research and development programs on par with international standard. To invite international and reputed national institutions and universities to collaborate with our institute on the issues of common interest of teaching and learning sophistication.

#### 6.2 Does the Institution has a management Information System

Yes. We have online information system starting from student feedback, Faculty feedback , HOD's comments which is then summarised in end semester reports (again on-line). These reports reach the co-ordinator IQAC where they are analysed for strengths and weaknesses and appropriate remarks/suggestions are given and with these it is passed on to Principal, RAIT. Principal then adds his observations/remarks/suggestions and other inputs as he deems fit and passes it back to IQAC for transfer to HODs who then act on the suggestions and provide the Action Taken Report. This entire report is shared by Principal with the Governing Council/Management.

## 6.3 Quality improvement strategies adopted by the institution for each of the following:

### 6.3.1 Curriculum Development

- **Curriculum development is under purview of UoM.** In 2017-18, the choice based grading system has been introduced for UG and PG degrees by UoM. A concerted effort has been made to enhance interaction between BOS and the institute resulting in increased participation in syllabus setting and curriculum development and orientation program. *Details of Contribution of RAIT faculty in curriculum development is listed in Annexure iv.*
- In 2017-18, we adopted the strategy of adding or modifying some COs for better COs and POs mapping and attainment. Objectives and Program outcome mapping by indirect measurement was also introduced.
- RAIT faculty, in consultation with experts from IITs and industry as set up by Dean FOT, Chairman, BOS, has been actively contributing in the introduction of new courses, revision of syllabi, and design of scheme of evaluation for UoM. The faculty played an important role in conducting orientation programmes along with the Chairman, BOS. RAIT faculty assists Chairman, BOS in preparing the Question Paper bank.
- Enhanced support provided by industry for departmental advisory committees, project competitions, faculty exchange programs by TCS and Reliance Jio were arranged.

### 6.3.2 Teaching and Learning

In 2017-18, following initiatives were undertaken to enhance T&L:

- Training programs, workshops and expert talks have been conducted for upgrading technical skills. Implementation of outcome based teaching and learning methodology has been incorporated.
- Continuous assessment of student performance has been achieved through tests prerequisite test, assignments, seminars and projects.
- Learning with Multi-media has been made possible through the following:
  - Availability of course material on LMS.
  - Digital library facility.
  - Availability of video, NPTEL lectures.
  - NPTEL Local Chapter was introduced.
  - LCD projectors for presentation.
  - Cybernetics with audio recording facility
  - 100% faculty issued with laptops for carrying out research & teaching methods
  - Auto grader (Embedded system) GradeMe
  - Originality check of research work using Turnitin
  - Procurement New library books
  - High end (GPU) laptops, remote access to GPU workstation at GCOE, IITB.
- Unnati- Model to improve first year improvement program to ensure the progress of weak students based on performance in internal test.
- 25 patents and 03 copyrights are filed.

## 6.3.3 Examination and Evaluation

### ***Evaluation Scheme***

In 2017-18 we followed the syllabus published by UoM. It allocated 3 to 4 lectures per week of 60 minutes each and provided evaluation scheme for all subjects. A sample data sheet issued by UoM is as follows:

As per guidelines issued by University of Mumbai for Evaluation System of each individual subject varied somewhat in the pattern but the categorization was same the guidelines are given below:

- ***Prerequisite Test:*** Prerequisite test was conducted for every course at the beginning of semester in the form of MCQs indicating the existing state of strengths/ weaknesses of students.
- ***Internal Assessment (IA):*** Two tests were conducted which should cover at least 80% of syllabus. The average marks of both the tests will be considered for final Internal Assessment.
- ***End Semester Examination:*** Question paper comprises of 6 questions, each carrying 20 marks. The students need to solve total 4 questions. Question No.1 will be compulsory and based on entire syllabus. Remaining question (Q.2 to Q.6) will be selected from all the modules.
- ***Term Work/ Tutorial:*** At least 03 assignments covering entire syllabus were given during the class wise tutorial. The assignments were students centric and an attempt should be made to make assignments more meaningful, interesting and innovative. Term work assessment was based on the overall performance of the student with every assignment graded from time to time. The grades were converted to marks as per credit and grading system manual and added and averaged.
- ***Practicals:*** At least 10 experiments covering entire syllabus were set to have well predefined inference and conclusion. Computation/simulation based experiments were

## 6.3.4 Research and Development

In 2017-18, following strategies adopted to enhance R&D culture in the institute:

- **Training programs** have been arranged for the purpose of motivation for R&D activities.
- **In-house projects** have been carried out for administrative activities for enhancing consultancy projects.
- The R&D committee is involved in administrating research projects sponsored by various government and non-government funding agencies such as UGC, BARC, AICTE, UoM, DST, etc., and promotion of **collaborative research** partnerships for undertaking creative and advanced research.
- Minor projects approval from UoM

*The details of training program and projects listed in Annexure v and vi respectively.*

## 6.3.5 Library, ICT and physical infrastructure / instrumentation

In 2017-18,

- All classrooms have been upgraded with good acoustics and ICT facilities at a cost of 2.20 Lakhs per classroom.
- All departmental libraries were enlarged.
- Additional seating arrangement for staff in all departments.
- Mobile lockers are made for the students to keep their mobile phones during examinations on each floor.
- Renovations of washrooms.
- Workshop renovation and modernization is done.
- Upgraded solar panel capacity to 1 MW.
- Internet speed was upgraded to 1.13Gbps.

## 6.3.6 Human Resource Management

The institute followed the following strategy for HR management in 2017-18:

- Employees were given utmost importance and their needs are well recognized.
- **Service rules are transparent** and the staff got benefits such as provident fund, gratuity, etc.
- The faculty members and staff were entitled to other **benefits like casual leave**, maternity leave, medical leave, earned leave and vacation according to rules laid down in the statutes of UoM.
- The institute **arranged training programmes** and also deputed the staff to other organizations for attending such programmes for acquiring technical skills, teaching skills, and soft skills.
- The institute had also arranged **financial planning lectures** for staff, to assist them for effective planning of their finances.
- The institute had a well-defined and effective selection procedure, systematic **performance appraisal system** and promotion policies. Details of internal promotions in the academic year 2017-18:

| Sr. No. | Post                | No. of Promotions |
|---------|---------------------|-------------------|
| 1       | Associate Professor | 8                 |
| 2       | Professor           | 7                 |

- **LIC group insurance policy:** The group insurance policy scheme for the Faculty and staff member has been initiated in the institute. The policy is term policy meaning the insurer will be covered for the sum assured agreed only on natural or accidental death. Total 216 faculties and staff have adopted for the scheme and total premium per year is Rs.326538/-
- Advance excel & Microsoft office program arranged for administrative staff.

- List of skill upgradation courses conducted in 2017-18:

| Sr. No. | Course   | Duration               | No. of participants |
|---------|--|------------------------|---------------------|
| 1.      | TIME- Aptitude, Quantitative, Data Interpretation, Verbal  | 12 days<br>(8 Batches) | 720                 |
| 2.      | Roy Eddington & Charles – Soft Skills, Personality Development, Communication, Interpretation Skills, Reading & Writing Skills, Mock Interviews. | 12 days<br>(8 Batches) | 720                 |
| 3.      | Microsoft Long Term Training Program.(IOT & JAVA)  | 11 days                | 120                 |
| 4.      | Summer & Winter Internship   | 21 day                 | 120                 |

#### 6.3.7 Faculty and Staff recruitment:

In 2017-18, RAIT continued to follow the recruitment policy laid down by IQAC. The details along with recruitment carried out in 2017-18 are:

RAIT believes in selecting inspiring teachers who motivate students by innovative thinking and practical examples in their approaches. RAIT follows UoM and AICTE rules for selecting its faculty. The underlying principle is to maintain or better the student teacher ratio set as prescribed by the AICTE and NBA authorities.

- The requirement of faculty is prepared by HODs based on analysis of the need carried out by survey and a consolidated list of requirement is forwarded to Principal. Accordingly strategies are adopted by RAIT for the recruitment of new faculty.
- Prior to the beginning of the academic year the roster is prepared and sent to UoM for approval and an advertisement is released.
- If the requirement arises in between and there is not sufficient time available for following university process, ad-hoc appointments are carried out by RAIT through local boards to meet the urgent academic loads.
- Faculty members recruited through local boards were ratified by university authorities as and when the regular board is formulated by UoM.
- The local selection board consists of Professors and HODs and one external professor from outside the institute. For university ratification, board comprises of a member nominated by UoM.

*Recruited faculty details for 2017-18 given in Annexure xxi.*

## 6.3.8 Industry Interaction/ Collaboration

- In 2017-18, the institute had intense institute-industry interactions. **Industrial training** for the students as well as faculty was promoted. In this academic year also, **industrial visits** were arranged for faculty and students. Both UG and PG students are motivated to undertake their final year project in the relevant industries of their domain, thus exposing and preparing them to meet the real time requirement of the industry.
- **MOUs:** RAIT has entered in to R&D collaborations with Indian Institute of Technology Mumbai and leading research based industry called Gauranga SoftTech, Navi Mumbai for mutually beneficial research and development efforts.
- **MOUs of Cypress, TCS, Microsoft was renewed in 2017-18.**
- **Industry collaborations in 2017-18:** TCS, Barclays, Microsoft, Oracle Workforce Development Program, Internshala, NMMC for solid waste management, COE in IoT establishment with Cypress Semiconductor USA.

## 6.3.9 Admission of Students

In 2017-18 we continued to follow the admission process governed by MS-DTE. The details are as follows:

- **Director of Technical Education, Maharashtra State (MS-DTE)** governs the admission to all the branches. The institute has its own admission cell to provide information regarding the admission procedure to parents and candidates. The Institute follows the reservation quota rules as per the norms for the students in the reserved category and there is 100% transparency in the procedure. For admission in 20% management seats, there is a central admission cell and admission is based on eligibility Criterion set by DTE. All applications received at the institute level are processed and filled on merit basis. DTE also publishes database of available seats in the institute.
- The institute prospectus provides all the academic, administrative and fee structure information related to admission process. The notification contains detailed information about number of seats, different courses, eligibility for admission, process of admission and academic information on the institutional website. The referral of alumnus also helps in admission procedure. A digital display at the entrance of the college, and on all the floors is used for displaying the total number of seats in each department. All notice boards are also used to display the notification and details of admission procedures. The institute also provides extensive counseling by Principal, Registrar and HODs for prospective students.

## 6.4 Welfare schemes for

|              |   |
|--------------|---|
| Teaching     | √ |
| Non teaching | √ |
| Students     | √ |

### Welfare schemes for students:

- Following schemes were operative in 2017-18:
  - Economical weaker students are provided concession in academic fees and opportunity to work in campus under Shiksha Sahakar Scheme.
  - Institute ensures the financial assistance to the meritorious students in the form of Scholarships and other tuition fees waivers. The Institute educational fund is used exclusively for supporting the students. [Ramrao Adik Institute of Technology](#) has given exemptions in tuition fee, and Scholarship for merit students.
  - The needy students are provided facility to pay tuition fees in instalments.
  - There is provision of free Text Book supply facility offered in the library for SC and ST category students. On need, this facility is extended to students of economically weaker sections too.
  - The students are funded for taking part in professional and project work competitions and professional societies.
  - Accidental and life cover is provided to all students free of charge by RAIT.
  - Various types of Counselling and guidance are provided to students.
  - Insurance is provided to every student.
  - Performance based awards for students from Management and industries every year.

## Welfare schemes for Teaching and Non Teaching:

Some of the welfare schemes made available for teaching and non-teaching staff in 2017-18 are listed below:

- **Healthcare facility for teaching and non-teaching staff at concessional rates at D Y Patil Hospital, Nerul:** All the faculty and non-teaching staff are entitled to use medical facility at the concessional rates; the concession of 15% is given to all employee of RAIT. In addition, depending on complexity of case and repayment capacity of staff member, additional concessions are provided by the hospital management. Percentage of faculty utilizing this is 100%.
- **Maternity Leave:** The institute has a liberal leave policy for post maternal leave. Maternity leave is granted to all women faculty which can be up to maximum of three months. All eligible faculty members have been granted these privileges, incidentally 3% of Women faculty have availed this facility for last 4 years, post maternity leave depending on the need and emergency additional leave also granted to women faculty; nearly 2% of faculty has availed this facility.
- **Medical Leave/Casual Leave/Compensatory-Off facility:** 100% of faculty avails this facility.
- **Yearly 70 days vacation for teaching staff and 30 days of EL for non-vacation staff:** 100% of faculty avails above facility.
- **On-duty leave facility whenever faculty and staff travel on duty:** Nearly 80% of faculty enjoys on-duty leave facility.
- **Provident Fund as per rules:** Available for all faculty.
- Gratuity on attainment of superannuation for teaching and non-teaching staff is available for all eligible staff.
- **Incentives for publishing in high grade journals and books:** On an average 5% of the faculty receives grants, incentives under this scheme.
- **Travelling allowance and registration charges for attending conferences:** Around 90% of faculty avails this facility each year.
- **Additional increments/allowances after obtaining higher qualifications such as ME/MTech/MPhil/PhD:** On obtaining ME/MTech/MPhil qualifications, faculty is promoted as Assistant Professor in Sixth Pay. Under this scheme 75% of faculty has been given Sixth Pay scale. For faculty obtaining PhD, additional increments/promotion to next grade are awarded. Under this scheme 5% of the faculty has benefitted by this facility.
- Cooperative Society Membership for faculty and staff.
- Welfare LIC scheme was continued for the staff members.

6.5 Total corpus fund generated 3Cr

6.6 Whether annual financial audit has been done    Yes     No

6.7 Whether Academic and Administrative Audit (AAA) has been done?

| Audit Type     | External |        | Internal |           |
|----------------|----------|--------|----------|-----------|
|                | Yes/No   | Agency | Yes/No   | Authority |
| Academic       | Yes      | IQAC   | Yes      | IQAC-RAIT |
| Administrative | Yes      | IQAC   | Yes      | IQAC-RAIT |

6.8 Does the University/ Autonomous College declare results within 30 days?

For UG Programmes    Yes     No

For PG Programmes    Yes     No

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

**University Evaluation Reforms:**

- The institute conducts all examination as per university schedule at its campus. To conduct examination, the institute has well equipped infrastructure. The examination conduction is effectively monitored to follow guidelines of the university.
- In 2017-18, the institute continued to take following measures for the effective implementation of the evaluation reforms introduced by the university:
  - **The institute had examination coordinators** from each department for smooth conduction of the examination.
  - The **examination committee** met periodically to discuss all the examination related matters.
  - At institute level, **mid-term tests were conducted** as per university norms and results of the same are declared within eight days. The students can see their evaluated answer sheets and discuss the same with concerned faculty for clarification regarding the parameters taken into consideration for assessments.
  - Oral and practical marks were jointly evaluated by internal and external examiners.
  - For smooth conduction of university theory examination, an **internal squad** comprising of senior faculty members was appointed. Appropriate measures provided by UoM were taken into action time to time.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

- There is a provision by the affiliating university to grant the autonomy according to the status of the institution. RAIT is planning to apply for the autonomy status as per clause 12(b) of the UGC Act (3).
- 2<sup>nd</sup> and 3<sup>rd</sup> year evaluation has been carried out in 2017-18 by the college as per decentralized evaluation scheme promulgated by university.

6.11 Activities and support from the Alumni Association.

- The institute has a registered **RAA** intended to strengthen the stakeholder relationship, participate in decision making process and to foster the institute level developmental activities. RAA also assists in placement activities as well as quality improvement of both the students and the faculty members by concreting the industry-academia partnership.

**RAIT Alumni Association activities and progress for the year 2017-2018:**

- Increase in RAA registered Membership to 8,500+ from the previous 1650+ members.
- A Panel discussion named "Idea- the start-up code Season 2 " was held on 4th October 2017 by RAIT Alumni Association in collaboration with Motif.

The panelists invited for the event were:

- Ajay Parthasarathy: RAIT Alumnus, founder of Tortilla Studios,
- Nazim Sawant: Co - founder of IEC, India Entrepreneurship Club,
- Deepika Singh: Cloud Partner of Google and founder of AppAve,
- Sachin Sethia: Managing Director of Glazel Tech, Simon Philips: CEO Glazel Tech

The discussion gave students an insight into the world of entrepreneurship. It comprised of FAQs and doubts that were articulately answered by the panellists

- The RAA news letter is published every month on the Alumni Website.
- Organized RAIT Alumni Meet 2018 on 24<sup>th</sup> March 2018 at RAIT.
- Re-launched RAMP (RAIT Alumni Mentorship program) with the release of a brochure. This initiative introduced avenues for alumni to help students through internships, workshops, training programs and scholarships.

## 6.12 Activities and support from the Parent – Teacher Association

In 2017-18, following activities undertaken by Parent-Teacher Association:

- Class counsellor of each class conducted monthly meetings where various issues related to the students were discussed and action was taken by the class counsellor. All records are kept in class counsellor file which is available with each class counsellor. Class Counsellor sent attendance report to parents.
- **Parents-Teachers Meeting** was arranged for all years for all departments every semester. Vision-mission of the institute and the department were discussed with parents and all the facilities provided to students in the institute are explained to them. All academic records were displayed and inputs were received from them for betterment of the institute.

| Sr. No. | Department             | Date       | No. of parents attended |
|---------|------------------------|------------|-------------------------|
| 1       | Engineering Sciences   | 24/02/2018 | 191                     |
| 2       | Electronics            | 24/02/2018 | 125                     |
| 3       | Electronics & Telecom  | 24/02/2018 | 133                     |
| 4       | Information Technology | 24/02/2018 | 42                      |
| 5       | Computer               | 24/02/2018 | 75                      |
| 6       | Instrumentation        | 24/02/2018 | 41                      |

## 6.13 Development programmes for support staff

In 2017-18, the development programs arranged for support staff are listed below:

- Advance Excel and Microsoft office training program arranged for administrative and non-teaching staff.
- Yoga classes arranged for staff.

## 6.14 Initiatives taken by the institution to make the campus eco-friendly

In 2017-18, the initiatives taken to make campus eco-friendly are:

- Increase in capacity of solar panel to 1 MW at cost of 60 lakhs.
- Additional capacity of biogas was increased in form of balloons.
- Gas metering facility is introduced. Two columns for carrying out biogas purification
- Bio manure has been produced and utilized in vegetable farming in the campus is continued.
- Biogas generated from in-house biogas plant has been utilized in gas stove in the canteen and it is the same canteen that provides kitchen waste as raw material.
- All classrooms have made sound proof and the whole campus lighted with LED lamps.

---

## **Criterion – VII**

### **7. Innovations and Best Practices**

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

Following innovations have been introduced during 2017-18 creating positive impact on the functioning of the institution:

- Evaluating outcomes of the training programs/workshops: To cite an example, evaluation method here consisted of conducting quiz for the participants and then analyzing their performance and finally coming out with the desired outcome in line with the stipulated objectives.
- Unnati- Model to improve first year progress to ensure progress of weak students based on performance in internal tests was introduced. The positive impact of this innovation was clearly visible and was appreciated by many visiting academic evaluators.
- Book fair was conducted in the institution by bringing leading publishers to the college premises which enabled teaching community to scan through the literature available at one place. Several books were ordered for main library as well as departmental libraries.
- Like last few years, several technical talks were conducted during Technovate 2018 by experts from IITs and industry. These talks were well attended by staff and students.
- Promotion of research policy in the institution is showing positive results as this academic year saw 25 patents and 3 copyrights are filed by faculty and students.
- This year saw an implementation of a software project providing Vision-Mission mapping and attainment of the institute and filing patent for the same was done.
- Implementation of indirect attainment measurements in DCF through feedbacks was continued this year with an enhanced scope.
- Giving a boost to practical learning for students through formation of project groups for taking up innovative projects through internships and seed funding by college was intensified this year. The positive outcome of this effort showed up via many students receiving awards across the colleges in project competitions.
- We initiated Faculty exchange programs with industries to give the students a flavour of industry practices and viewpoints that are relevant to industry.
- In tune with the policy of equipping students with current trends in industries, the college arranged 21 industrial visits to industries. The participation in this was handsome totalling to hundreds.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year.

➤ Based on plan of action chalked down at the beginning of the year, IQAC has adopted following measures in the academic year 2017-18 to enhance quality of teaching and learning:

- Following IQAC guidelines in 2017-18, we recruited 41 Assistant Professor, 5 Associate professor and 8 Professors with diverse yet complimentary teaching skills and non-overlapping research interests.
- For faculty development, as directed and funded by IQAC, 304 faculty members attended refresher/orientation courses/workshops/training programs that were fully funded by college R&D fund.
- One of the IQAC planned measures of conducting prerequisite tests and analysing the results of the same to cover gaps in learning was continued in academic year 2017-18. Also through DCFs weak students were identified and up to 7 to 8 remedial classes conducted per course.
- Through widely advertised Technovate 2018, a student organized workshop, a total of 165 papers published, 92 projects submitted and 25 awards given for excellence. The expenditure incurred was approximately Rs. 5Lakhs.
- In 2017-18 as planned by IQAC,
  - (i) Financial aid of Rs. 27.38 Lakhs was provided to students by institution in the form of scholarships and awards.
  - (ii) GATE forums were organized for aspiring students this year too and was well received.
- In 2017-18, NPTEL local chapter was introduced, 89 expert talks/workshops/conferences conducted with funding from IQAC.
- In 2017-18, DCF audit of each subject was conducted in every semester with comments and suggestions to improve under IQAC guidance through DQA of each department. The university exam results were also included to evaluate CO-PO attainment.
- As a result of IQAC initiative relating to faculty up-gradation initiatives, 2 research scholars submitted their PhD thesis and 4 faculty members completed PhDs.
- Major social wing activities undertaken in 2017-18 were:
  - i. Self-defense workshop and seminar: A workshop was organized to teach self-defense techniques to females on account of International Women's Week
  - ii. Christmas, Diwali and Holi Celebrations with the underprivileged children and to make sure they have a great time enjoying it.
  - iii. Kite Festival Celebrations 2017: To connect with the Indian tradition of Kite flying festival and fly kites with fellow students and socializing with them.
  - iv. Joyfest 2017: Various fun events were organized which acted as fundraisers for the underprivileged children. Approximately Rs. 40,000/- fund was raised.

- v. Tree Plantation Drive was done this year too to motivate the students to plant saplings and do their bit towards nature.
  - vi. Udaan – Let Dreams Fly 2018: Organized a marathon where all the money raised was donated towards the education of underprivileged kids, sponsoring their annual education expenses. This event was a huge success and raised a fund of approximately ₹3.2 lakhs and was donated to World Vision India.
- For the academic year 2017-18, we have completed the full feedback cycle for all the departments starting from students going up to the Principal and followed by Action Taken Report by respective HOD.

*A sample of this digital feedback is placed in Annexure ii.*

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

Digital Initiative Program or DIP-RAIT and Internal Quality Assurance Cell or IQAC-RAIT, are the two initiatives that RAIT has continued to adopt to improve its functioning at all levels in a participative, inclusive and verifiable manner.

*Details provided in Annexure xxii.*

7.4 Contribution to environmental awareness / protection

In 2017-18, following initiatives were taken to contribute to environmental awareness:

- Upgraded solar panel capacity to 1 MW at cost of 60 lakhs.
- AICTE conducted state level “ Green Campus” initiative program organized by RAIT.
- The green campus initiatives taken by RAIT in last few years were sustained and they are listed below for completeness.
- Utilization of renewable energy within the campus like solar energy for lighting street lights, high masts and biogas energy for cooking.
- Bio manure for growing vegetables and trees.
- Composting.
- Segregation of kitchen waste suitable for loading in biogas plant.
- Biogas generated from in-house biogas plant has been utilized in gas stove in the canteen and it is the same canteen that provides kitchen waste as raw material.
- Road safety awareness campaign organized by NCC.
- Swatch Bharat Abhiyaan by NCC.

*Photos of renewable energy sources given in Annexure xxiii.*

7.5 Whether environmental audit was conducted? Yes  No

IQAC conducted environmental audit on 23<sup>rd</sup> Sep, 2017 and has suggested green measures. The results have been very encouraging on this front: Continuous uninterrupted operations of biogas facility resulting in running of gas burners in hospital canteen. A saving on LPG to the tune of 3 to 4 gas cylinders per month is the outcome. The solar panel has generated an aggregate of 85 to 100 KWH per day during sunny days of 2017-18 which resulted in reduction of carbon footprint and a saving on power bill for 24300 units of electricity amounting to saving of 2.18 Lakhs.

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

- We continue to maintain high standards in our strengths mentioned in SSR. In 2017-18, we took the following measures to add to our strengths:
  - Enhanced quality of staff
  - Enhanced equipments and infrastructure
  - Android based app for LMS
  - Promoting National Digital Library with students and faculties
  - IEEE digital library
  - Publications of in house biannual research journal
  - Lab Equipments/ Antivirus/ IoT,
- We have upgraded ourselves in all respects and removed some weaknesses mentioned in SSR:
  - Summer and winter internships.
  - Project based learning
  - 25 patents and 03 copyrights were filed
  - 21 industrial visits were conducted.
  - NPTEL courses and awards policy formulated (incentives for staff and students)
  - German language course conducted
  - Book exhibition on college premises
- **Recognition bestowed on RAIT during the year 2017-18**
  - NIRF -2018 Rank Band :151-200
  - ISTE “Best Students chapter” award for 2017-18
  - As per Times Engineering Institute Ranking survey 2018 has ranked RAIT 16<sup>th</sup> in Top 150 engineering institute in India & Rank 5<sup>th</sup> for region Wise Ranking- Western Region India.
  - Best Principal award by CSI
  - Best project award by CSI
  - 1<sup>st</sup> Prize in “ Smart India Hackathon” organized by Government of India
  - Best Hardware award in E-yantra competition organized by IIT- Bombay.
  - 1<sup>st</sup> Prize in Hackathon by CSI.
  - 1<sup>st</sup> Prize in QUIZ by CSI
  - 1<sup>st</sup> prize in MATRIX -2017 at SPIT Mumbai

## 8. Plans of institution for next year

### 1. **Plan for teaching and learning activities:**

- To continue encouraging faculty to make use of webinar facility extensively.
- To provide more facilities to meet the research requirements of students and faculty.
- To promote self learning and adaptation to technology among students.
- To enhance project based learning.

### 2. **Plan for R&D / industrial consultancy as a tool for progress:**

- To recruit qualified staff with rich research background (PhDs) to bring about a paradigm change in learning environment against any vacancy which may arise in future.
- To encourage the faculty and students to send research proposals for funding from national agencies such as AICTE/DST/TEQIP/MHRD.
- To enhance industrial consultancy, research and development in some key areas.

### 3. **Plan for student related activities:**

- To continue to provide students with avenues for sports activities, cultural and social activities and also avenues for creative writing and oration through a spectrum of activities interlaced within curriculum calendar. The aim is to give them all-round development.
- To expand social wing activities.
- To continue efforts towards placement for students in Core companies for electronics, EXTC and instrumentation branches.
- To further strengthen the digital feedback mechanism with analysis and remedial measures.
- To further promote Incubation & entrepreneurship development amongst students.
- To strive for more employment of students in core companies.

### 4. **Plan for innovation:**

- RAIT has plans to upgrade in-house research project on indigenous solar powered generation with smart monitoring system and RAIT will share the experience with others on this matter.
- To enhance digital administrative activities through e-service book, leave management system and mobile notification system for students' result.

### 5. **Plan for good governance:**

- To share with the Management, the department wise events and analysis digital feedback report which includes comments by HODs, CMQA and Principal through Principal-RAIT. To streamline the flow of information on desired changes from bottom up and implementation of policies towards positive change top down with good book-keeping of the same.

## Annexure ii

### Analysis of feedback

During the course work, students are encouraged to give feedback fearlessly without any conditions. This valuable input is collected by the concerned HODs of each Department. It is then compiled and stored digitally and kept with concerned HODs with his suggestions to each faculty. This process is also digitized to facilitate quick and easy feedback generation through digital forms.

Faculty Rankings

Faculty Report  
Date : October 2017 (Odd Sem)

Name : Prof.NILESH MARATHE

| Faculty ID | Name                | Subject | Division | Qfactor(25) |
|------------|---------------------|---------|----------|-------------|
| 417        | Prof.NILESH MARATHE | WT      | ITB      | 22.81       |

| Parameters                | Score(S) | Comments  |
|---------------------------|----------|---|
| Punctuality               | 4.53     | Good and continue good work.                      |
| Practical Knowledge       | 4.55     | Good work, self enhance by taking project works.  |
| Communication Skills      | 4.62     | Good, continue to improve presentation skills.    |
| Teaching Ability          | 4.57     | Good, continue exploring new teaching approaches. |
| Interaction with students | 4.55     | Good, continue improving skills of interaction.   |

Faculty detail report on Q factor.

HOD then summarizes feedback as, Q-factor: below 15, between 15 and 20, above 20. Internal EPI is obtained using DCF whereas university EPI is calculated after each subject result is analyzed. HOD prepares consolidated report based on above inputs as well as innovations and teaching & learning techniques adopted. HOD adds recommendations and submits report to CMQA. QMS team collects reports from all HODs. The team adds comments on each report and sends to the principal. Principal after adding comments holds meeting to prepare action plan.

### Departmental CMQA Report

Academic year - **2015/16**
Department - **Computer Engineering**
Semester - **EVEN**

**Teaching and Learning:**  
Department has arranged various lectures to give advance knowledge about various subjects.

**Innovation :**  
Used cybernetics for delivering the lectures.

**Feedback Status (DCF) :**

| Internal EPI Range | Number of faculty |
|--------------------|-------------------|
| 61 To 70           | 3                 |
| 51 To 60           | 18                |
| 41 To 50           | 10                |
| Below 40           | 6                 |

**Teaching and Learning:**

**-: CMQA Report :-**

Academic year - 2015/16

Semester - EVEN

**Departmental Feedback Status :**

| Sr. no. | Department                        | Teaching and Learning  | Innovation   | CMQA Recommendation   |
|---------|-----------------------------------|--|--|---|
| 1       | Computer Engineering              | Department has arranged various lectures to give advance knowledge about various subjects. | Used cybernetics for delivering the lectures.                        | Good work done by the department. Arrange students webinars and seminars. |
| 2       | Electronics                       | Department has arranged various Expert lectures on various subjects.                       | PPT's and lecture video is provided to students for their reference. | Good work done by the department.   |
| 3       | Electronics and Telecommunication | Subject related workshops arranged for students and faculty.                               | lecture video and ppt's is provided to students for their reference. | Good work done by the department.   |
| 4       | Information Technology            | Department has arranged various lectures to give advance knowledge about various subjects. | Used cybernetics for delivering the lectures.                        | Good work done by the department.   |
| 5       | Engineering science               | Extra lectures arranged for defaulter students.  | PPT's and cybernetics used for delivering the lectures.              | Good work done.   |

**Feedback Status (DCF) :**

| Internal EPI Range | Number of faculty |
|--------------------|-------------------|
| 61 To 70           | 14                |
| 51 To 60           | 132               |
| 41 To 50           | 66                |
| Below 40           | 24                |

**Feedback Status (Avg\_Int\_EPI) :**

| Qfactor Range | Number of faculty |
|---------------|-------------------|
| 21 to 25      | 163               |
| 15 to 20      | 166               |
| Below 15      | 1                 |

**Remark by Principal :**

Excellent work done by all department.

**Principal comments report.**

All HODs prepare Action Taken Report and convey recommendations to respective faculty for improvement.

**Sample of Action Taken Report**

**Academic year - 2015/16 Department - Electronics Semester - EVEN**

□

**Teaching and Learning:**

10 senior faculty members of the department are involved in syllabus setting at University of Mumbai. 5 faculty members attended orientation programmes of newly added subjects. 7 Faculties are involved in paper setting of various subjects at University of Mumbai. For the new syllabus, a total of 10 Course outcomes are added in various subjects of 8th semester. To overcome the gap between industry needs and contents, regular workshops and expert lectures are arranged in the department. In 2015-16 total 14 no. of seminar, workshops and training courses were conducted by the department. Near about 4-5 remedial classes are conducted for every subject in every semester.

**Innovation.:**

Department had conducted 1 webinar and lectures using NPTEL videos. Almost all faculties had taken lectures on Smart board. 4 Training Programs/workshops and 2 expert lectures were conducted during the semester. Faculty had total 45 publications in conferences and 11 publications in Journals in year 2015-16. Various innovative projects are done by students with faculties during the academic year. One of our student project named "Smart Suspension" got best hardware project award at IIT Bombay.

**Feedback Status (DCF).:**

| Internal EPI Range | Number of faculty |
|--------------------|-------------------|
| 61 To 70           | 4                 |
| 51 To 60           | 23                |
| 41 To 50           | 16                |
| Below 40           | 3                 |

**Departmental Feedback Status:**

| Qfactor Range | Number of faculty |
|---------------|-------------------|
| 21 to 25      | 23                |
| 15 to 20      | 20                |
| Below 15      | 0                 |

**Remark by CMQA:**

As reported by HOD-ELEX, participation of 10 faculty in UoM syllabus setting and 7 in paper setting is good initiative. Again 5 faculty attending orientation program is also good as also addition of 10 COs. Conduction of 14 workshops, seminars and training courses is impressive. Conduction of 4-5 remedial classes per course is also good. NPTEL video number should go up and so also use of smartboard teaching. On the R&D front the numbers

are very good- 45 in conferences and 11 in journals. Award winning project at IIT "smart suspension" is commendable. The status on Qfactor and also internal EPI is good overall except for 3 cases in EPI. HOD-ELEX requested to guide these staff members to change methodologies to move to upper brackets.

**Remark by Principal;**

Faculty below 40% EPI needs to concentrate on Delivery Techniques. CMQA and HODs to ensure use of Interactive Learning Process and ensure better learning experience. EPI between 41 to 50% need to better teaching techniques. On the whole well done. But we can do better

**Action taken by HOD;**

The main cause of poor EPI of the concerned faculty members is due to the tough level of university question paper. The students, especially weak, could not perform well in the university examination. Such students have been identified and are being provided extra coaching by the faculty members. Also the students with marks between 40 to 60 in the examination have been identified and they will be provided extra attention to help them in scoring marks.

**Departmental CMQA report with ATR**

**Annexure iii**

**Faculty participation in conferences and symposia**

**Annexure v**

**Details of workshops/training programs/seminars for 2017-18**

**Computer Department:**

| Sr. No. | Workshops/Training Programs   | Dates                         | Budget Sanctioned (INR) |
|---------|---|-------------------------------|-------------------------|
| 1       | Workshop on "Linux Shell Programming and managing Linux in network environment".                | 18th & 19th sep 2017          | 47,000/-                |
| 2       | Workshop on "Network Simulator NS2"   | 23rd sep 2017                 |                         |
| 3       | Expert Lecture on " Algorithm and Complexity"   | 23rd sep 2017                 |                         |
| 4       | Expert Lecture on "Latex- Report Writing"   | 23rd sep 2017                 |                         |
| 5       | Expert Lecture on "Advanced Microprocessors".   | 25th Sep 2017                 |                         |
| 6       | Expert Lecture on "Network Security".   | 27th sep 2017                 |                         |
| 7       | Expert lecture on "VHDL Programming".   | 28th Sep 2017                 |                         |
| 8       | Expert Lecture on "Application of Discrete Mathematics".  | 29th Sep2017                  |                         |
| 9       | Expert Lecture on "Tools in Artificial Intelligence"  | 29th Sept 2017                | 7,500/-                 |
| 10      | Workshop on "Current trends in Web Development".  | 10th & 11th sep 2017          | 21,600/-                |
| 11      | Hands on Session On "GUI Programming".  | 26th October 2017             |                         |
| 12      | Microsoft Long Term Training Program.(IOT & JAVA)   | 3rd July 2017 to 13 July 2017 |                         |
| 13      | Expert Lecture on "Career tracks in Data Science"   | 12th Jan 2018                 | 800/-                   |
| 14      | Expert Lecture on "Blooms Taxanomy"   | 29th Jan 2018                 |                         |
| 15      | Hands on Session on "3D Animation using Blender Tool"   | 17th & 18th Feb 2018          | 35,980/-                |
| 16      | Workshop on "Machine Learning for Data Science and Analytics"                                   | 25th Jan to 30th Jan 2018     | 82,144/-                |
| 17      | Expert Lecture on 'Interface Design and Enterprise Design'                                      | 16th March, 2018              | 10,000/-                |
| 18      | Microsoft Long Term Training Program Data base Revised session                                  | 10th Feb 2018                 |                         |
| 19      | Workshop on 'Python Web Development with Django Framework'                                      | 23rd March, 2018              | 10,000/-                |
| 20      | Expert Lecture on "Energy Efficient Green Cloud Computing"                                      | 26th March 2018               |                         |
| 21      | Expert Lecture on "Key Components and Technologies in Deploying Mobile Computing Applications." | 28th March 2018               | 3000/-                  |
| 22      | Expert Lecture on "Network Monitoring and Analysing Evidence Logs."                             | 28th March 2018               | 3000/-                  |
| 23      | Expert Lecture on "XML"   | 3rd April 2018                | 0/-                     |
| 24      | UG Project work   | 28th Feb 2018                 | 57,168/-                |

|    |   |                    |          |
|----|---|--------------------|----------|
| 25 | UG Paper Publications   | 28th Feb 2018      | 20,100/- |
| 26 | Expert Lecture on "Desigining Parallel Algorithm for High Performannce Computing" | 21st March 2018    | 0/-      |
| 27 | Expert Lecture on " Parallelism for performance enhancement of Computers.         | 10th April 2018    | 0/-      |
| 28 | Expert Lecture on " Software Project Management"                                  | 11th April 2018    | 0/-      |
| 29 | Code Off Hackathon  | 30 & 31 March 2018 | 83,218/- |

**Electronics Department:**

| Sr. No. | Workshops/Training Programs  | Dates                              | Budget Sanctioned (INR) |
|---------|--|------------------------------------|-------------------------|
| 1       | Hands on training on Raspberry-Pi  | 5/03/2018 - 6/03/2018              | 16,900/-                |
| 2       | L2 Robotics Workshop   | 24/02/2018-25/02/2018              | 49,600 /-               |
| 3       | Hands on Training on MEMS Sensimer   | 14/02/2018                         | 2800 /-                 |
| 4       | Control system Design and Simulation using LabVIEW                           | 08/02/2018-09/02/2018              | 5500 /-                 |
| 5       | Ethical Hacking(IEEE)  | 27/01/2018-28/01/2018              | 8,500 /-                |
| 6       | Winter Internship  | 18/12/2017-04/01/2018              | 0                       |
| 7       | Hands -on training on Simulation of Electrical Network using MATLAB/Simulink | 23/09/2017-24/09/2017              | 7500 /-                 |
| 8       | Hands-on training on VLSI programming and Implementation using CPLD          | 16/09/2017-17/09/2017              | 6000 /-                 |
| 9       | Hands-on training on Virtual Imstumentation using LabVIEW                    | 16/09/2017-17/09/2017              | 5000 /-                 |
| 10      | Scientific report writing using LaTeX  | 15/09/2017, 23/09/2017, 27/09/2017 | 0                       |
| 11      | Hands-on training on Power Electronics Simulation using MATLAB and Simulink  | 09/09/2017-10/09/2017              | 7500 /-                 |
| 12      | Witricity Workshop   | 08/09/2017                         | 15,000 /-               |
| 13      | Scientific report writing using LaTeX  | 19/08/2017                         | 0                       |
| 14      | PCB workshop 2   | 9/9/2017-10/9/2017                 | 12,000 /-               |
| 15      | Hands-on training on open source Embedded Platform Arudino                   | 12/8/2017-13/8/2017                | 15,325 /-               |
| 16      | PCB workshop   | 12/08/2017-13/08/2017              | 14,000 /-               |
| 17      | Simulation and Layout drawing Cadence Software                               | 5/8/2017-6/8/2017                  | 7000 /-                 |
| 18      | Summer Internship  | 3/7/2017-20/7/2017                 | 0                       |

### Instrumentation Department:

| Sr. No. | Workshops/Training Programs             | Dates                   | Budget Sanctioned (INR) |
|---------|---|-------------------------|-------------------------|
| 1       | Training on "PLC & SCADA" by SIEMENS    | 21/3/2018 to 25/03/2018 | 2,23,200                |
| 2       | Embedded Systems using ARM Mbed for IOT | 16-18 Feb 2018          | 1,11,900                |

### Electronics & Telecommunication Department:

| Sr. No. | Workshops/Training Programs   | Dates                              | Budget Sanctioned (INR) |
|---------|---|------------------------------------|-------------------------|
| 1       | Get Started with Arduino (A hands on Introductory Workshop)                     | 5th to 6th August 2017             | 29,950/-                |
| 2       | Enhancing Analytical Skills in Electronic Devices and Circuits using Simulation | 16 to 17 September 2017            | 8,770/-                 |
| 3       | Get started with Arduino: A hands on introductory workshop                      | 23 to 24 September 2017            | 20,870/-                |
| 4       | Antenna Designing Tool Using EM-Cube  | 23 to 24 September 2017            | 12,400/-                |
| 5       | VHDL Workshop   | 23 to 24 September 2017            | 8,450/-                 |
| 6       | Scientific Report Writing Using Latex   | 22 September and 27 September 2017 | Nil                     |
| 7       | Fundamentals of Speech Signal Processing using MATLAB                           | 7 to 8 October 2017                | 4,500/-                 |
| 8       | Antenna Design using EM-Cube Simulation Software                                | 7 to 8 October 2017                | 14,000/-                |
| 9       | Network simulator NS2 software  | 20, 21st January, 2018             | 2,900/-                 |
| 10      | Product specific learning in communication engineering                          | 4th to 19th January, 2018          | 4,400/-                 |
| 11      | Introduction to Arduino   | 30/01/2018-31/01/2018              | 7,450/-                 |

## Engineering Sciences:

| Sr. No. | Workshops/Training Programs  | Dates                    | Budget Sanctioned (INR) |
|---------|--|--------------------------|-------------------------|
| 1       | Spoken English Workshop  | 17/02/2018               | 10,000                  |
| 2       | Workshop on “Applications of Mathematics in Engineering and Real Life” | 26/02/2018 to 28/02/2018 | 80,000                  |
| 3       | A Seminar on Applications of Devices in Engineering & Technology       | 01-03-2018               | 20,000                  |
| 4       | Workshop on German Language  |                          | 31,000                  |

## Information Technology Department:

| Sr. No. | Workshops/Training Programs                                     | Dates                      | Budget Sanctioned (INR) |
|---------|---|----------------------------|-------------------------|
| 1       | Workshop on Core Java   | 16th September 2017        | 4500                    |
| 2       | Workshop on VHDL  | 14thSeptember 2017         | 4500                    |
| 3       | Latex Training  | 12th Jan and 19th Jan 2018 | 3200                    |
| 4       | Orientation Program for Automata Theory                         | 1stJan 2018                | 2730                    |
| 5       | One Week FDP on Machine Learning For Data Science and Analytics | 25thJan to 30thJan 2018    | 54763                   |
| 6       | Expert Talk on " Career oppuntunity in IT"                      | 18th Sept., 2017           |                         |
| 7       | Expert Talk on "Data Science Buzz Word"                         | 22nd Sept., 2017           |                         |
| 8       | Expert Talk on :Wireless Sensor Network"                        | 10th October 2017          |                         |
| 9       | Expert Talk on " Cloud Computing"                               | 17th October 2017          |                         |

**Annexure vi**

**Details of major and minor projects**

**Details Regarding Major projects**

| <b>Srno</b> | <b>Completed</b>  | <b>Outlay</b> |
|-------------|---|---------------|
| 1.          | Marathi Document Clustering   | 75,000        |
| 2.          | Development of Glucose sensor using Nanostructured metal oxide and polymer-metal oxide composite thin films | 81,000        |
| 3.          | Estimating the effect of different types of dust on crystalline photovoltaic(PV) modules performance        | 80,000        |
| 4.          | Development of BCI based Functional Electrical Stimulation(FES) System for Neuro -rehabilitation            | 68,000        |
|             | <b>Total</b>  | 304,000       |

| <b>Srno</b> | <b>Ongoing</b>   | <b>Outlay</b> |
|-------------|--|---------------|
| 1.          | Text Analytics using NLP Approach  | 75,000        |
| 2.          | Image Tamper Detection   | 75000         |
| 3.          | Novel Approaches for Data Summarization using Bigdata  | 75,000        |
| 4.          | 3D Printer (2nd Version)   | 1,34,109      |
| 5.          | Optimization of thickness of Spiro-OMeTAD layer used as hole transport material for efficient perovskite solar cells | 60,000        |
| 6.          | Modelling and control of ball on beam control setup  | 149000        |
|             | Total  | 434,000       |

**Details Regarding Minor projects**

| <b>Srno</b> | <b>Completed</b>  | <b>Outlay</b> |
|-------------|---|---------------|
| 1.          | RAIT_DB_MINER_TOOL (Level 1)  | 50,000        |
| 2.          | Retransmission strategy for broadcast in VANET  | 50,000        |
| 3.          | RAIT_PR_TOOL (Level 1)  | 50,000        |
| 4.          | RAIT_PR_TOOL (Level 2)  | 50,000        |
| 5.          | Diagnosis of cardiac activities tractable on raspberry Pi   | 23,985        |
| 6.          | Small plant for herbal juice production and automation through MITSUBISHI PLC                             | 25,000        |
| 7.          | Mobile air pollution monitoring system  | 20,000        |
| 8.          | Heat exchanger automation using YOKOGAWA Centum VP DCS  | 15,000        |
| 9.          | Development of a dynamic online model for measurement of attainment of PO's & PEO's as per specifications | 65,000        |
| 10.         | Drafting using Classified Technology  | 16,000        |
| 11.         | Neural Network Based Motorcycle IoT Ecosystem   | 65,000        |
| 12.         | BRaille Printer using Optical Character Recognition   | 12,500        |
| 13.         | Library Assistant Bot   | 20,000        |
| 14.         | HEXAPOD   | 15,000        |
| 15.         | Ball Balancing Robot  | 53,000        |
| 16.         | Smart Elevator System   | 28,000        |

|     |  |                  |
|-----|--|------------------|
| 17. | IoT Based Intelligent 2D plotter   | 15,000           |
| 18. | IoT based security system  | 11,200           |
| 19. | CanSat   | 10,000           |
| 20. | RAIT_DB_MINER_TOOL (Level 2)   | 50000            |
| 21  | Development of Prototype Testing Facility for the Degaussing of Naval Ships and Submarines                                 | 50,000/-         |
| 22  | Design, Modelling and Fabrication of Bandpass filters in Ultrawide Band (UWB) Applications                                 | 51,000/-         |
| 23. | Speech Based Laryngeal Cancer Detection System   | 58,501/-         |
| 24. | Mine Mapping and 3D reconstruction of the Mine   | 49,729           |
| 25. | Distributed Control system based extraction and filtration of atmospheric water for domestic and agricultural applications | 56022/-          |
| 26. | IOT based health monitoring system using ARDUINO for bed ridden patients   | 35500            |
| 27. | Design and development of IOT lab automation   | 48522            |
| 28. | Analysis and detection of pre-epileptic seizures using DSP for EMG signals   | 41300            |
| 29. | RAIT_DB_MINER_TOOL (Level 2)   | 50000            |
| 30  | Development of Prototype Testing Facility for the Degaussing of Naval Ships and Submarines                                 | 50,000/-         |
| 31. | Design, Modelling and Fabrication of Bandpass filters in Ultrawide Band (UWB) Applications                                 | 51,000/-         |
| 32  | Speech Based Laryngeal Cancer Detection System   | 58,501/-         |
| 33. | Mine Mapping and 3D reconstruction of the Mine   | 49,729           |
| 34. | Distributed Control system based extraction and filtration of atmospheric water for domestic and agricultural applications | 56022/-          |
| 35. | IOT based health monitoring system using ARDUINO for bed ridden patients   | 35500            |
| 36. | Design and development of IOT lab automation   | 48522            |
| 37. | Analysis and detection of pre-epileptic seizures using DSP for EMG signals   | 41300            |
| 38. | Electronic Sensory System for visually impaired using ultrasonic phased array  | 27,000/-         |
| 39. | IoT based Home Monitoring and Control solution   | 16,000           |
| 40. | Highly efficient solar cell using tracking system and cover  | 8,000            |
|     | <b>Total</b>   | <b>1526000/-</b> |

| <b>Srno</b> | <b>Sanctioned</b>  | <b>Outlay</b>   |

**Annexure xi**

Details of patents

| <b>Patent Name</b>   | <b>Applied By</b>  | <b>Year</b> | <b>Applied or Granted</b> |
|--|--|-------------|---------------------------|
| A novel System & Method to find a target in unknown area using Mobile Sensor Node (MSN) equipped with Global Positioning System (GPS).                                   | Dr. Mininath Nighot  | 2017-18     | APPLIED                   |
| System and Method for Facilitating Selection and Allocation of Students for Internship Program.  | Dr. Vivek Kumar Singh  | 2017-18     | APPLIED                   |
| Laboratory setup for learning Fractional-order Control Systems   | Ms. Divya Shah, Dr. Mukesh D. Patil , Dr. Vishwesh A. Vyawahare, Mr. Rohit Chaurasiya, Ms. Khushboo Pichhode                                     | 2017-18     | APPLIED                   |
| Efficient Fractional order Propotional-Internal-Derivative(FO-PID) Controller Implementation with Artificial Neural Network Approximation using Digital Signal Processor | Dr. Vishwesh A. Vyawahare, Mr. Pratik Kadam, Mr. Gaurav Datkhile, Dr. M. D. Patil  | 2017-19     | APPLIED                   |
| FPGA based hardware system for implementation of complex order dynamical systems   | Ms.Divya Shah, Dr. Vishwesh A. Vyawahare , Dr. M. D. Patil, Mr. Rohit Chourasiya, Ms. Khushboo Pichhode  | 2017-20     | APPLIED                   |
| Compact Setup for experimentation of Variable-order Systems in Laboratory  | Mukesh D. Patil, Sharad P. Jadhav and Vishwesh A. Vyawahare  | 2017-21     | APPLIED                   |
| A Novel Laboratory Setup to Study Advanced Nonlinear and Robust Controller Concepts  | Prasiddh Trivedi, Mukesh D. Patil, Vishwesh A. Vyawahare, Pratik Kadam, Divya Shah and Gaurav Datkhile   | 2017-22     | APPLIED                   |
| Earthquake Rescue and Relief Operations Robot  | Mr. Vaibhav N. Kadam<br>Mr. G. H. Saket Seshadri<br>Mr. Pramod S. Jadhav<br>Mr. Anay D. Ghatpande<br>Ms. Divya Shah<br>Dr. Vishwesh A. Vyawahare | 2017-18     | APPLIED                   |
| Portable and Smart Electric Utility Dashboard Outlet (P.S.E.U.D.O.) Device for precondition smart phone charging   | Mr. Mukesh Prajapati<br>Mr. Ketan Salvi<br>Mr. Girish Giri<br>Ms Divya Shah<br>Dr Vishwesh A. Vyawahare  | 2017-18     | APPLIED                   |
| Braille printer using android smartphone   | Mr. Subhrajyoti Halder Mr. Pradeep Harname<br>Mr. Vikas Bankar   | 2017-18     | APPLIED                   |

|   |   |         |         |
|---|---|---------|---------|
|   | Mr. Gaurav Ghatwal<br>Prof. Sharmila J. Petkar  |         |         |
| Gesture Recognition for Alphabet using Motion Sensor and DTW  | Ms. Niharika Srivastav<br>Mr. Vignesh Vanniar<br>Mr. Atharva Tipre<br>Mrs. Poornima Talwai  | 2017-18 | APPLIED |
| IoT Maneuvered Intelligent Cartesian Plotter System on Android Platform   | Mr. Mayur Manyar Mr.<br>Nishant Bhangale<br>Mr. Pratik Kadam<br>Mr. Gaurav Datkhile   | 2017-18 | APPLIED |
| Elevator System to Avoid False call from floor  | Mr. Rohan Gavandi<br>Mr. Shubham Mumbaikar<br>Mr. Pratik Magadwar<br>Ms. Poornima Talwai  | 2017-18 | APPLIED |
| Compact setup for experimentation on variable-order systems in laboratory   | Dr. Mukesh D. Patil Dr.<br>Sharad P. Jadhav<br>Dr. Vishwesh A<br>. Vyawahare  | 2017-18 | APPLIED |
| A Novel Laboratory Setup to Study Advanced Nonlinear and Robust Controller Concepts   | Dr. Prasiddh Trivedi Dr.<br>Mukesh D. Patil<br>Dr. Vishwesh A.<br>Vyawahare Mr. Pratik<br>Kadam Ms. Divya Shah Mr.<br>Gaurav Datkhile | 2017-18 | APPLIED |
| Novel Special Function Based FPGA Hardware System for Time Domain Response Calculation of Linear Fractional-Order Systems         | Mr Sangeeth Sadanand<br>Ms Divya Shah<br>Dr Vishwesh A. Vyawahare   | 2017-18 | APPLIED |
| DSP Based Hardware Emulator for Complex-Order Fractional Dynamical System Using Artificial Neural Network Approximation Technique | Mr. Pratik Kadam<br>Mr. Gaurav Datkhile<br>Dr. Vishwesh Vyawahare<br>Ms. Divya Shah   | 2017-18 | APPLIED |
| IoT based Cortic Pad for sleep analysis   | Mr Rohan Stanley Dr.<br>Ramesh Vasappanavara,<br>Ms Ananya Iyer<br>Mr Rohit Chaurasiya<br>Ms Divya Shah                               | 2017-18 | APPLIED |
| Low-cost modular laboratory crawler bot setup to demonstrate two axis holonomic motion.   | Mr. Girish Giri Mr. Mukesh<br>Prajapati Mr. Ketan Salvi<br>Ms. Divya Shah Dr.<br>Vishwesh A. Vyawahare                                | 2017-18 | APPLIED |
| Digital Drafting apparatus for real time archotyping and supplemented digital rendering   | Mr. Girish Giri Mr. Mukesh<br>Prajapati Mr. Ketan Salvi<br>Dr. Vishwesh A.<br>Vyawahare Ms. Divya Shah                                | 2017-18 | APPLIED |
| FPGA Based Hardware System For implementation of Complex-order Dynamical System   | Ms. Divya Shah, Dr. M. D.<br>Patil, Dr. Vishwesh<br>Vyawahare, Mr. Rohit<br>Chaurasiya, Ms. Khushboo<br>Pichhode                      | 2017-18 | APPLIED |
| Efficient Fractional-order Proportional-Integral-   | Dr. Vishwesh A.   | 2017-18 | APPLIED |

---

|   |  |         |         |
|---|--|---------|---------|
| Derivative (FO-PID) Controller Implementation with Artificial Neural Network Approximation using Digital Signal Processor | Vyawahare, Mr. Pratik Kadam , Mr. Gaurav Datkhile, Dr. M. D. Patil |         |         |
| Laboratory setup for learning fractional order control system.  | Dr. Vishwesh A. Vyawahare , Dr. M. D. Patil                        | 2017-18 | APPLIED |
| Compact Setup for experimentation of Variable-order Systems in Laboratory   | Mukesh D. Patil, Sharad P. Jadhav and Vishwesh A. Vyawahare        | 2017-18 | APPLIED |

## **Annexure xxi**

### **Best practices**

The two best practices outlined in our SSR to NAAC mentioned two entries; Digital Initiative Program or DIP-RAIT and Quality Management Services or QMS-RAIT. These two initiatives had a fairly broad span in spirit and hence a long period of enforcement. Hence they continue in the present year 2017-18 with consolidation of activities and points covered last year and also addition of new activities this year. The goal of these best practices, Their Context and The Practice remains as envisaged and described I SSR- RAIT 2016 presented to NAAC.

Some additions have been done in both the Best Practices to further the cause of betterment and extend the scope. These are described below with benefits perceived from their use by all concerned.

The newly added activities in DIP-RAIT for 2017-18 are

- Introduction of RAIT as a local NPTEL chapter. This has resulted in higher reach for students.
- Implementation of a software project providing Vision-Mission mapping and attainment of the institute with increased scope.
- Implementation of more inclusive indirect attainment measurements in DCF through feedbacks.
- Introduction of Unnati program for first year students to enhance their performance.
- Introduction and wider use of Auto grader (Embedded system) gradeMe.
- Increase of scope and participation in Summer and Winter interships.
- Enhancement in Industrial visits.

These inclusions described above have resulted in greater satisfaction of stakeholders (primarily students) who have generously given good feedback describing the benefits they derived from use of above initiatives.

Similarly, for IQAC-RAIT the additions in 2017-18 are

- A more comprehensive inclusion of Direct and Indirect attainment of COs and POs of each course as outlined in the Digital Course File or DCF to signal the goodness of the results of teaching and learning of each course to the entire class. A good attainment signals a sound T&L and relatively lesser signals a need to revise the course delivery/content.

- Stress on more internships for students and also more industrial visits.
- Enhanced incentives for promoting good research resulting in good publications in non paid journal publications.
- (RAIT Alumni Mentorship program) has been re-launched with the release of a brochure. This initiative introduced avenues for alumni to help students through internships, workshops, training programs and scholarships.
- Continuous uninterrupted operations of biogas facility resulting in running of gas burners in hospital canteen. A larger saving on LPG above 3 to 4 gas cylinders per month and also larger generation from the solar panel was achieved.
- Evaluating outcomes of the training programs/workshops: The evaluation method consisted of conducting quiz for the participants and then analyzing their performance and finally coming out with the outcome based on objectives.
- Organization of book fair to promote ease of procuring books for library was held in the institute.
